

Eagle Eye Care – Patient Information Pack

Welcome to Eagle Eye Care

At Eagle Eye Care, we believe your vision is priceless. Our purpose is simple: to help you see clearly, comfortably, and confidently. We combine luxury patient care with the latest innovations in eye surgery so that every step of your journey feels seamless, safe, and life-changing.

Our Specialist Services

Lens Replacement Surgery

Corrects poor vision by replacing your natural lens with a high-quality artificial lens. Reduces or eliminates the need for glasses or contact lenses. Provides long-lasting clarity and improved quality of life.

YAG Laser Capsulotomy

A quick, painless laser treatment used to restore clear vision after cataract surgery. Removes cloudy tissue behind the artificial lens. Improves sight in minutes, with no downtime.

Cataract Surgery

Safe and highly effective procedure to remove cloudy lenses. Restores bright, sharp vision. Enhances independence and daily comfort.
